## To our valued customers and partners – COVID-19 Update October 2021

With the ongoing developments of COVID-19, we hope you and those closest to you are remaining healthy and unaffected.

Since the founding of Pigler Automation, our primary goal has been taking great care of you, our customers. As such, we continuously adjust operations of Pigler Automation, so that we can support you through these trying times while keeping our employees, their families and you, our customer, safe.

Currently we are open to accept customers as well as vendors in our offices at 724 Main Street as well as 1804 Skyway. Please be aware that Boulder Co Public Health Order 2021-08 requires mask wearing in all indoor public spaces for all individuals 2 years and older regardless of vaccination status and went into effect on Friday, Sept. 3.

In addition to adhering to the mask wearing order, everyone entering the office spaces is required to log in and take temperature and O2 level measurements with provided thermometer and finger oximeter.

If a visitor or employee has a fever (100.4 Deg F / 38 Deg C), regularly registers declining O2 levels of less than 90%, a persistent cough and /or trouble beathing, regardless of vaccination status, you may not work in the office. We will reschedule customer events if the need arises. Thank you for your understanding.

Disposable gloves, masks, disinfecting wipes and hand sanitizer will be provided.

We are allowing travel if necessary and possible per local restrictions at your site and ask for your help to keep our employees safe at your location. We will of course adhere to all regulations put in place by you and/or your jurisdiction.

Thank you for entrusting Pigler Automation with your needs. We are here for you. Please contact us with any questions or concerns you might have.

Sincerely,

Karen Pigler  
CEO

Harry Pigler  
COO

724 MAIN STREET, STE F, LONGMONT, CO 80501, PHONE: (866) 871 - 1456
